O R D E R

IT IS ORDERED that Barkley Lake Water District ("Barkley Lake") shall file an original and seven copies of the following information with the Commission with a copy to all parties of record by April 15, 1984. Barkley Lake shall also furnish with each response the name of the witness who will be available at the public hearing for responding to questions concerning each area of information requested. If neither the requested information nor a motion for an extension of time is filed by the stated date, the case may be dismissed.

On February 2, 1984, the Commission issued an Information Order directing Barkley Lake to file a copy of certain invoices pertaining to operating expenses during the test period, and other related material. Barkley Lake filed the requested information on February 17, 1984.

1. The Commission has examined the invoices filed by Barkley Lake and it is of the opinion that certain items classified as an operating expense for the test period should be considered capital additions. The Commission has outlined the invoices below. If Barkley Lake disagrees with the Commission's analysis, it should file a reply stating so and further supply information per item to support classification as an expense.
