In the Matter of:

THE SALE AND DETARIFFING OF            ) ADMINISTRATIVE  
EMBEDDED CUSTOMER PREMISES        ) CASE NO. 269  
EQUIPMENT                                )

ORDER

On January 30, 1985, the Commission entered an Order in this case detariffing embedded mobile telephone and paging equipment, effective January 1, 1985, and establishing a valuation standard for removing embedded mobile telephone and paging equipment from regulated books of account.

On February 19, 1985, General Telephone Company of Kentucky ("General") filed with the Commission a Petition for Reconsideration and Stay of Order and Request for Hearing ("Petition").

General's Petition cited as reason for reconsideration, stay, and hearing that the Commission had provided no notice that it had instituted a proceeding to address the issue of a valuation standard for removing embedded mobile telephone and paging equipment from regulated books of account prior to its Order of January 30, 1985. Furthermore, General stated that it could show by legal brief and presentation of evidence that the Commission's adoption of a net book valuation standard was inappropriate for General and should be changed to a market valuation standard.

The Commission is of the opinion and finds that General's Petition should be granted.

IT IS THEREFORE ORDERED that General's Petition be and it hereby is granted.

IT IS FURTHER ORDERED that within 20 days from the date of this Order General shall file with the Commission a legal brief addressing legal issues associated with the adoption of a valuation standard for removing embedded mobile telephone and paging equipment from regulated books of account.

IT IS FURTHER ORDERED that within 20 days from the date of this Order General shall file with the Commission testimony and exhibits concerning the detariffing of embedded mobile telephone and paging equipment and alternative valuation standards.

IT IS FURTHER ORDERED that a hearing be and it hereby is scheduled on April 25, 1985, at 9:00 a.m., Eastern Standard Time, in the Commission's offices at Frankfort, Kentucky.

Done at Frankfort, Kentucky, this 11th day of March, 1985.
