

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

* * * * *

In the Matter of:

REQUEST OF ATLANTIC GAS)
TRANSMISSION FOR APPLICATION) CASE NO. 9070
OF GAS TRANSPORTATION RATES)

O R D E R

On May 14, 1984, Atlantic Gas Transmission ("Atlantic") submitted to the Commission proposed rates and charges for the transportation of natural gas through its pipelines. Atlantic stated that it was its presumption that any proposed rates and charges for the transportation of gas to distribution companies, end users, or others in Kentucky must be filed with the Commission to comply with KRS 278.505 and KRS 278.507.

The Commission finds that the information provided by Atlantic is not in the acceptable format required by the Commission for the establishment of tariffs and rates and, therefore, contains insufficient information from which a decision on the fair and reasonable nature of the proposed rates and charges can be rendered.

The Commission, having considered the application and being advised, HEREBY ORDERS that the Atlantic application be and it hereby is dismissed without prejudice to the refiling of rates in the proper format with adequate supporting information as provided in 807 KAR 5:011.

Done at Frankfort, Kentucky, this 13th day of March, 1985.
