

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE TARIFF FILING OF AT&T)
COMMUNICATIONS CONCERNING) CASE NO. 9080
THE PROVISION OF ACCUNET)
T1.5 SERVICE)

O R D E R

On May 17, 1984, AT&T Communications ("AT&T") filed a proposed tariff which would allow the provision of ACCUNET T1.5 Service. Based on considerations and determinations set out in its Order in Case No. 9080, dated November 16, 1984, the Commission did not grant approval of the proposed tariff. AT&T retained, and still has, the option of refileing the tariff with new and additional support documentation.

On December 20, 1984, AT&T filed a motion to reopen Case No. 9080. The motion was made solely upon the claim that additional information existed. The motion does not address the issues of Kentucky-specific cost data, the lower rates of a comparable service, and the matter of nonspecified rates. AT&T has failed to show by clear and satisfactory evidence that the determination made by the Commission is unreasonable. Therefore, the Commission is of the opinion and finds that:

1. The motion to reopen the case should be denied.

2. AT&T has the burden of proof under KRS 278.430 to show by clear and satisfactory evidence that the determination made by the Commission is unreasonable.

IT IS THEREFORE ORDERED that the motion to reopen the case be and it hereby is denied.

Done at Frankfort, Kentucky, this 28th day of January, 1985.
