

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE TARIFF APPLICATION OF GENERAL)
TELEPHONE COMPANY OF THE SOUTH FOR) CASE NO. 9590
A SPECIAL SERVICE ARRANGEMENT)

INTERIM ORDER

On May 14, 1986, General Telephone Company of the South ("General") filed a tariff with the Commission proposing a special network access arrangement for the University of Kentucky ("UK"). On May 27, 1986, the Commission suspended the proposed tariff for investigation.

On June 13, 1986, General filed correspondence with the Commission requesting expedited consideration of the tariff. The reason General sought this relief is that on July 18, 1986, UK will assume operation of its communication service, requiring a disaggregation of network access charges previously included in equipment rental charges under a special contract with UK.

Having considered the matter and being advised, the Commission is of the opinion and finds that termination of General's special contract with UK and application of general service rates to UK could result in a substantial distortion of network access costs to UK. Therefore, the Commission will allow

General's proposed special network access arrangement tariff to become effective on an interim basis on July 18, 1986, pending the conclusion of the Commission's investigation in this case.

IT IS THEREFORE ORDERED that:

1. General's special network access arrangement tariff shall become effective on an interim basis on July 18, 1986, pending the conclusion of the Commission's investigation in this case, and shall be limited to UK.

Done at Frankfort, Kentucky, this 11th day of July, 1986.
