O R D E R

On July 8, 1988, South Central Bell Telephone Company (South Central Bell[®]) filed a request for modification of its special contract with the University of Louisville to provide Digital ESSX and Central Office Local Area Network Services. The special contract was approved by Order dated July 5, 1988, in this case. The modification involves the number of analog lines to be provided under the terms and conditions of the special contract.

Also, South Central Bell filed cost documentation to support the special contract modification, along with a Petition for Confidential Treatment of the information under the provisions of 807 KAR 5:001, Section 7, Confidential Information Not Publicly Available.

After having considered the evidence and being advised, the Commission is of the opinion and finds that the special contract modification and South Central Bell's Petition should be approved.

Accordingly, the above finding is HEREBY ORDERED.

Done at Frankfort, Kentucky, this 15th day of July, 1988.
