

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

INVESTIGATION INTO THE OPERATING )  
STATUS OF PARK LAKE, INC. ) CASE NO. 10322

O R D E R

On July 12, 1988, the City of Park Lake, confirmed by letter to the Commission that it was operating Park Lake, Inc. as part of its own system. The letter was in response to a Commission letter dated June 30, 1988, requesting confirmation of the proper owner. This action was done without prior Commission approval in violation of KRS 278.020(4).

After consideration of the record, the Commission FINDS the following:

(1) This case should be established to recognize the City of Park Lake as the operator of the former Park Lake, Inc. The Commission's records confirming this transaction should be made a part of the record.

(2) No consumer complaints or service problems have been reported as a result of the City of Park Lake's assumption of service. The City of Park Lake clearly meets the conditions to provide safe and reliable sewer service and has the financial, technical, and managerial abilities to provide reasonable service.

(3) Due to the circumstances and City of Park Lake's willingness to take over the operations of Park Lake, Inc., no action should be taken for failure to obtain prior approval.

(4) The City of Park Lake Sewer System is not a public utility under our jurisdiction pursuant to KRS 278.010 (3). Park Lake, Inc. should be removed from our records as an operating public utility.

BE IT SO ORDERED.

Done at Frankfort, Kentucky, this 19th day of July, 1988.
