

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

INVESTIGATION OF PROGRAMS TO)
FURTHER THE GOAL OF UNIVERSAL) ADMINISTRATIVE
TELEPHONE SERVICE) CASE NO. 312

O R D E R

On February 27, 1989, the Joint Board and the Federal Communications Commission ("FCC") released a Decision and Order eliminating the following requirements from the Link-Up Program:

1. Applicant must have lived at an address where there has been no telephone service for at least 3 months; and
2. Applicant must not have received Link-Up assistance within the last 2 years.

The FCC took this action because it thought these requirements were unnecessarily restrictive.

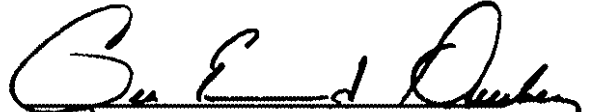

The purpose of this Order is to notify all parties to this case that the Commission is considering elimination of these two requirements from the Link-Up Kentucky program.

Any party disagreeing with this proposal should notify the Commission in writing and request a hearing, if so desired, by April 28, 1989. If the Commission receives no such notification, then all local exchange carriers should file tariff revisions conforming with the FCC's decision by May 15, 1989.

BE IT SO ORDERED.
