

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

INVESTIGATION INTO WHETHER WATS)
RESELLERS SHOULD BE INCLUDED IN) ADMINISTRATIVE
THE ULAS ALLOCATION PROCESS) CASE NO. 328

O R D E R

This matter arising upon motion filed June 28, 1989 by Telcor, Inc., d/b/a Telamarketing Communications of Louisville and LDDS of Indiana, Inc., d/b/a LDDS Communications (formerly Telamarketing Communications of Evansville, Inc.) (collectively "LDDS") for reconsideration of the Commission's Order of June 23, 1989, and it appearing to the Commission as follows:

By Order of May 1, 1989, the Commission directed the parties in this case to furnish by May 15, 1989 certain data specified in the Order. By various Orders the due date was extended to June 14, 1989. On June 14, 1989, LDDS moved for another extension of the due date to June 26, 1989 to allow the company an opportunity to construct and submit a settlement proposal disposing of the issues in this case.

On June 23, 1989, the Commission extended the date for filing the data requests to June 26, 1989, but specifically directed that the information requested "shall be filed on said date irrespective of any proposed settlement which the parties may elect to tender." On that same date LDDS tendered a settlement proposal which it contends disposes of the issues in this case. LDDS now

requests that, in view of the settlement proposal now before the Commission, it no longer be required to furnish the information requested by the Commission on May 1, 1989.

The Commission being of the opinion that the information requested is important to the evaluation of the issues in this case, including the consideration of the settlement proposal, and being otherwise sufficiently advised,

IT IS ORDERED that LDDS shall furnish the information requested in the Commission's data request within 10 working days of this Order.

Done at Frankfort, Kentucky, this 19th day of July, 1989.
