ORDER ON CLARIFICATION

On May 18, 1989, this Commission issued an Order in this case granting West Virginia Cellular Telephone Corp. ("WVC Corp.") a Certificate of Public Convenience and Necessity to provide domestic public cellular radio telecommunications to the public in the Kentucky portion of the Huntington Metropolitan Statistical Area. On June 8, 1989, WVC Corp. filed a motion for clarification requesting several minor modifications to the Order. These modifications are as follows:

1. In the first full sentence at the top of page 2 of the Order, West Virginia Cellular Telephone Corporation should be changed to West Virginia Cellular Telephone Corp.
2. In the same sentence, the business transaction was referred to as a "corporate merger," but it would be more accurate to refer to the transaction as a business entity reorganization.

3. In the last sentence of the first full paragraph on page 2, Vanguard is referred to as "the sixth largest cellular telephone company owner in the country." A more accurate description of Vanguard would be the sixth largest non-wireline cellular telephone company owner in the country.

4. In the second sentence of the first full paragraph on page 4, the date that the \$325 million line of credit was put in place should be changed from June 1988 to April 1989.

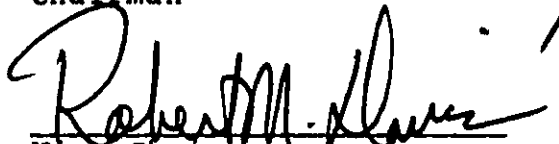

The Commission, having considered this motion and being advised, is of the opinion and finds that the motion should be granted and these changes are THEREFORE ORDERED.

All other decisions not discussed herein with regard to the Commission's Order of May 18, 1989 shall remain in full force and effect.

Done at Frankfort, Kentucky, this 10th day of July, 1989.
