O R D E R

IT IS ORDERED that Delaplain Disposal Company ("Delaplain") shall file the original and seven copies of the following information with the Commission, with a copy to all parties of record no later than July 21, 1989. If the information cannot be provided by this date, a motion for an extension of time must be submitted stating the reason for the delay and the date by which the information can be furnished. Such motion will be considered by the Commission. Delaplain shall furnish with each response the name of the witness who will be available for responding to questions concerning each item of information requested should a public hearing be required in this matter.

1. Provide the design criteria which was utilized to size the proposed wastewater treatment plant. This should include the class of customers (i.e. residential, commercial, industrial) and the estimated sewage discharge for each customer. Also provide the source of the usage figures utilized in estimating the sewage load from each customer and the capacity reserved for future use.

2. Provide information on how the sewage capacity allocated to Clark Equipment was determined. This should include whether historical or estimated usage was utilized and whether Clark was expected to be operating at full or reduced capacity.

3. Provide copies of all contracts and agreements between Delaplain and Proctor/Davis/Ray Engineers, Architects, Planners, which relate to the design, construction, operation/maintenance and general administration of Delaplain.

4. Provide the historical data used to allocate the pro-rata share of fixed costs to each commercial/industrial customer. Did Delaplain consult or negotiate with any of the commercial/industrial customers before determining the amount of capacity committed to those customers?

5. Provide actual usage figures for all commercial/industrial customers through June 30, 1989.

6. Provide the projected number of commercial/industrial customers Delaplain expects to add to its system over the next 15 years.
