### BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE NOTICE OF PURCHASED GAS

ADJUSTMENT FILING OF COLUMBIA

GAS OF KENTUCKY, INC.

)

CASE NO. 10498-A

## ORDER

On October 17, 1989, the Commission issued its Order in Case No. 10498 approving certain adjustments in rates and providing under certain conditions for the further adjustments of such rates when the wholesale cost of gas is increased or decreased or a refund is received.

On January 30, 1990, Columbia Gas of Kentucky, Inc. ("Columbia") filed its revised semiannual gas cost adjustment ("GCA") which is to become effective March 1, 1990.

After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that:

1. Columbia's notice of January 30, 1990 set out certain revisions in rates which Columbia proposed to place into effect, said rates being designed to pass on to its customers the wholesale increase in gas cost from its suppliers in the amount of \$4,696,452 or 26.06 cents per Mcf excluding take-or-pay billings. Columbia's expected gas cost for the semi-annual period beginning March 1, 1990 is \$3.8318 per Mcf.

- 2. Columbia's notice set out a Special Agency Service ("SAS") refund adjustment of .03 cent per Mcf. This adjustment returns a portion of Columbia's SAS revenues to its customers.
- 3. Columbia's notice set out a total supplier refund adjustment of 33.61 cents per Mcf. This adjustment is composed of 1.67 cents per Mcf from a previous adjustment and a current adjustment of 31.94 cents per Mcf which is calculated to return total supplier refunds on hand of \$5,756,728, including interest.
- Columbia's notice set out an actual cost adjustment of
   cents per Mcf to return previous overcollections to its customers.
- 5. Columbia's notice set out a balancing adjustment in the amount of 3.64 cents per Mcf to reconcile previous balancing and actual adjustments.
- 6. Columbia's notice set out a fixed charge recovery rate of 13.37 cents per Mcf to recover pipeline contract reformation and take-or-pay charges from its customers.
- 7. Columbia's gas cost recovery rate of 3.5697, which includes the fixed charge recovery component, represents a decrease in retail rates of 6.68 cents per Mcf. This decrease is composed of the combined effect of the supplier increase, actual cost, balancing and refund adjustments.
- 8. Columbia's adjustments in rates, under the purchased gas adjustment provisions approved by the Commission in its Order in Case No. 10498, dated October 17, 1989 is fair, just, and reasonable and in the public interest and should be effective with gas supplied on and after March 1, 1990.

## IT IS THEREFORE ORDERED that:

- 1. The rates in the Appendix to this Order, attached hereto and incorporated herein, are authorized effective with gas supplied on and after March 1, 1990.
- 2. Within 30 days of the date of this Order, Columbia shall file with this Commission its revised tariffs setting out the rates authorized herein.

Done at Frankfort, Kentucky, this 26th day of February, 1990.
