

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF SALT RIVER WATER)
DISTRICT OF BULLITT COUNTY, KENTUCKY,) CASE NO. 90-143
FOR APPROVAL TO INCREASE ITS RATES)

O R D E R

This matter arises from the tariff filing of Salt River Water District ("Salt River") pursuant to a Commission Order granting emergency rate relief to Salt River for authority to implement its proposed rates prior to the expiration of the five month suspension period. The Commission granted Salt River approval to place its proposed rates into effect subject to refund on and after October 30, 1990.

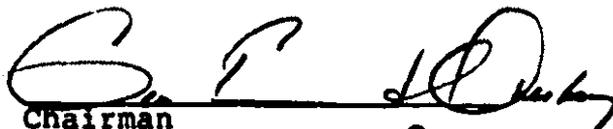

At an informal conference held October 19, 1990, Salt River was advised that the rates contained in its initial proposal were incorrectly calculated and would not generate the additional \$170,000 in test year revenues requested. On January 2, 1991, Salt River, pursuant to the Commission's Order granting expedited rate relief, filed its revised tariff reflecting the interim rates. That tariff contains the correct rates that should have been initially proposed to generate the additional revenue requirement requested by Salt River. After consideration of Salt River's tariff and being otherwise sufficiently advised, the Commission finds that the tariff filed by Salt River on January 2, 1991 should be accepted since the rates contained therein are the

rates necessary to generate the revenue requirement originally proposed by Salt River.

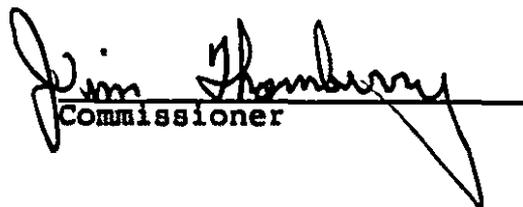

IT IS THEREFORE ORDERED that the January 2, 1991 tariff of Salt River is hereby accepted as the interim tariff of Salt River.

Done at Frankfort, Kentucky, this 23rd day of January, 1991.
