This matter arising upon the motion of AmeriCall Systems of Louisville ("AmeriCall") to intervene as a full party in this proceeding, and it appearing to the Commission as follows:

Commission Regulation 807 KAR 5:001, Section 3(8), states that the Commission shall permit a party to intervene in a proceeding only where that "person has a special interest in the proceeding which is not otherwise adequately represented" or where full intervention of that party "is likely to present issues or to develop facts that [will] assist the Commission in fully considering the matter without unduly complicating or disrupting the proceedings."

In its motion AmeriCall fails to identify its special interest in this proceeding. It does not allege that the Complainant uses or has used AmeriCall's services. It fails to identify its involvement, if any, with the parties or the incidents detailed in the parties' pleading. Neither party

mentions AmeriCall in its pleading. AmeriCall relies solely on its status as an interexchange carrier to support its motion for intervention. This status, which is shared by at least 19 other entities in this Commonwealth, does not alone create a special interest.

AmeriCall also fails to state how its intervention will present issues or develop facts which will assist the Commission in adjudicating the complaint before it. Nothing in the case record nor in AmeriCall's motion indicates that AmeriCall has any knowledge concerning the facts surrounding GTE South's disconnection of Ms. English's telephone service.

Accordingly, the Commission finds that AmeriCall has failed to meet the regulatory prerequisites for intervention and its motion should be denied.

IT IS THEREFORE ORDERED that AmeriCall's motion for full intervention is denied.

Done at Frankfort, Kentucky, this 15th day of January, 1991.
