TREATMENT OF INFORMATION FILED IN)	CASE NO. 91-184
SUPPORT OF ITS OPTIONAL DETAILED)	
MESSAGE BILLING FEATURE)	

O R D E R

This matter arising upon petition of Independent Cellular Network, Inc. ("ICN") filed May 17, 1991 for confidential protection of the estimated revenue effect that would result from the proposed increase of its Optional Detailed Message Billing feature, and it appearing to this Commission as follows:

ICN has requested that the estimated revenue effect from its proposal to increase its Optional Detailed Message Billing feature be protected as confidential. The procedure for obtaining confidential protection of material filed with the Commission is set forth in Commission Regulation 807 KAR 5:001, Section 7. Subsection (2)(a) of that section requires any person seeking to protect material or information as confidential to file with the Commission a petition identifying the material or information sought to be protected and setting forth the specific facts, reasons, or other grounds upon which the petition is based. The motion by ICN does not satisfy the requirements of the regulation and is therefore insufficient.

This Commission being otherwise sufficiently advised,

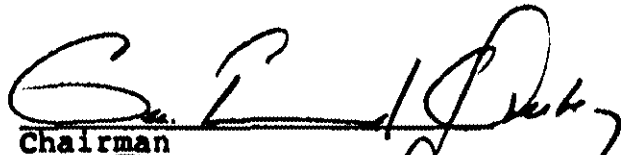

IT IS ORDERED that:

1. The estimated revenue effect from its proposed increase in its Optional Detailed Message Billing feature, which ICN has petitioned be withheld from public disclosure, shall be held and retained by this Commission for a period of 20 days from the date of this Order to allow ICN an opportunity to file a petition in conformity with 807 KAR 5:001, Section 7.

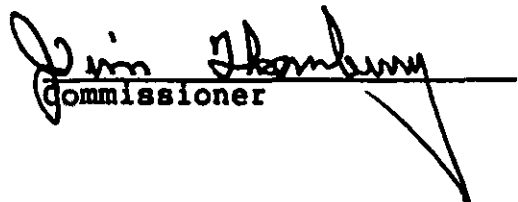

2. If, at the expiration of the 20-day period, ICN has not filed a petition for confidentiality in conformity with Commission regulations, the information sought to be protected shall, without further Orders herein, be placed in the public record.
