BOONESBORO WATER ASSOCIATION FOR) CASE NO. 91-413
AN ADJUSTMENT OF WATER RATES)

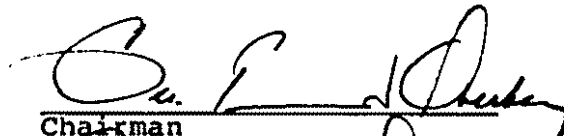

O R D E R

On November 15, 1991 Boonesboro Water Association ("Boonesboro") submitted an application with the Commission requesting approval of its proposed adjustment to water rates. In its application Boonesboro requested a waiver from certain filing requirements included in 807 KAR 5:001, Sections 10(1)(c), 10(2)(c), 6(4), 6(5), and 6(6). The information omitted from the application can be easily obtained during the field review portion of this proceeding or is available in Boonesboro's annual report. As Boonesboro has substantially complied with the requirements of 807 KAR 5:001 and the information can be readily obtained during the course of this proceeding, the Commission finds it appropriate to grant a deviation in this case.

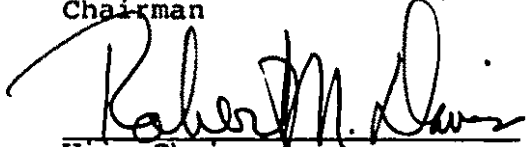

IT IS THEREFORE ORDERED that Boonesboro is hereby granted a waiver from the filing requirements of 807 KAR 5:071, Sections 10(1)(c), 10(2)(c), 6(4), 6(5), and 6(6).
