O R D E R

On June 10, 1992, Kentucky RSA #3 Cellular General Partnership ("Kentucky RSA #3 Cellular") filed a letter, which the Commission will treat as a motion, requesting an amendment of the Commission's May 29, 1992 Order authorizing the construction of a cellular radio telecommunications antenna tower in Irvington, Kentucky. Kentucky RSA #3 Cellular states that the height of the tower, as set forth in its original application filed January 14, 1992, should be 410 feet in height and not 330 feet as described in the Order. Kentucky RSA #3 Cellular's letter filed May 7, 1992 declaring that the Federal Aviation Administration reduced the tower's height to 330 feet was filed erroneously.

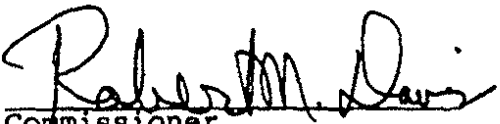

Based on the motion and good cause having been shown, the Commission HEREBY ORDERS that the height of the Irvington, Kentucky cellular tower as listed in the Order dated May 29, 1992 be and it hereby is amended to be 410 feet in height. All other provisions of the Commission's May 29, 1992 Order shall remain in full force and effect.

Done at Frankfort, Kentucky, this 19th day of June, 1992.
