

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF TAYLOR COUNTY RURAL	)	
ELECTRIC COOPERATIVE CORPORATION	)	CASE NO. 92-080
FOR ADJUSTMENT OF RATES	)	

O R D E R

On March 30, 1992, Taylor County Rural Electric Cooperative Corporation, Inc. ("Taylor County RECC") applied to the Commission for authority to adjust its basic rates to produce additional annual revenues in the sum of \$785,000. Subsequently, it amended its application to adjust its rates to produce additional annual revenues of \$1,110,511.

Taylor County RECC is a consumer-owned rural electric cooperative organized pursuant to KRS Chapter 279 and engaged in the distribution and sale of electric energy to approximately 18,031 customers in Taylor, Adair, and Casey counties in south central Kentucky.

No requests for formal intervention in this matter were received. A hearing was scheduled for September 16, 1992. A settlement conference between Commission Staff and Taylor County RECC was held on September 15, 1992.

As a result of these negotiations, a Settlement Agreement was reached and submitted to the Commission for its approval. Under the terms of this Agreement, Taylor County RECC will be granted a revenue increase of \$1,007,673 or 6.69 percent over normalized

total operating revenue. After careful review of the Agreement, the Commission finds that the Agreement's terms are reasonable and that its rate design and terms of service provisions are in conformity with generally accepted rate-making standards. The Commission further finds that the Agreement is in the public interest and should be accepted.

The Commission recognizes that the Agreement requires Taylor County RECC to exercise greater efforts to contain its medical insurance expenses. The Commission believes that these efforts are necessary to ensure the lowest possible rates. The Commission will review Taylor County RECC's progress in its next general rate case.

The Commission also recognizes that Taylor County RECC is to develop a written policy for its tree replacement program. As noted in the Agreement, the Commission Staff will review the written policy and offer comments and recommendations designed to enable this program to achieve its objectives.

IT IS THEREFORE ORDERED that:

1. The Settlement Agreement, appended hereto as Appendix A, is incorporated into this Order as if fully set forth herein.

2. The terms and conditions set forth in the Settlement Agreement are adopted and approved.

3. The rates set forth in Appendix B to this Order are approved for service rendered on and after the date of this Order.

4. Taylor County RECC shall, within 30 days of the date of this Order, file new tariffs reflecting the provisions of this Order.

5. The approval of the Settlement Agreement shall be for purposes of this proceeding only and shall not be deemed to be binding upon the signatories in any other Commission proceeding nor shall it be offered or relied upon in any other Commission proceeding.

7. If the Public Service Commission accepts and adopts this Settlement Agreement in its entirety and enters an Order in this proceeding to that effect, Taylor County RECC shall not apply for rehearing in this proceeding nor bring an action for review of that Order.

8. This Settlement Agreement is submitted for purposes of this case only and is not binding upon the signatories in any other Commission proceeding nor is it to be offered or relied upon in any other Commission proceeding involving the signatories.

9. This Settlement Agreement is lawful, reasonable and in the best interest of all concerned, will result in fair, just, and reasonable rates, and should be adopted by the Commission in its entirety.
