

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

SOUTH CENTRAL BELL TELEPHONE	)	
COMPANY'S PROPOSED WATSSAVER PLAN	)	CASE NO. 92-174
AND RESTRUCTURE OF EXISTING WATS	)	
AND 800 SERVICE	)	

O R D E R

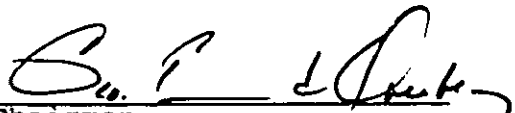

On April 23, 1992, the Commission entered a decision approving the instant tariff filing and requiring the provision of information sales volumes, revenues, billing procedures, and the embedded and incremental costs of each service. On July 24, 1992, South Central Bell Telephone Company ("South Central Bell") filed a motion for deviation from certain conditions in the decision. Specifically, South Central Bell seeks deviation "from that portion of the Commission's Order requiring the Company to file, within 15 months from the date of the Order, actual revenues associated with WatsSaver service for the first 12 month period of operation." As grounds for the deviation, South Central Bell avows that its current database includes WatsSaver revenues with revenues from other optional calling plans and cannot be modified to separate WatsSaver revenues until October 1992. Accordingly, South Central Bell moves the Commission to "allow the Company to file, on July 23, 1993, estimated WatsSaver revenue data for the period April - September, 1992 and actual WatsSaver revenue data for the period October, 1992 - March, 1993." South Central Bell

avows that all other data will be provided within the time frames already specified.

The Commission, having considered the motion and being otherwise sufficiently advised, HEREBY ORDERS that South Central Bell's motion to deviate is granted. South Central Bell, however, shall file all calculations used to develop estimated revenue amounts.

Done at Frankfort, Kentucky, this 11th day of August, 1992.
