

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE TARIFF FILING OF SOUTH CENTRAL	)	
BELL TELEPHONE COMPANY TO GRANDFATHER	)	CASE NO. 92-291
INFORMATION DELIVERY SERVICE	)	
(976 SERVICE)	)	

O R D E R

On June 15, 1992, South Central Bell Telephone Company ("SCB") filed a revision to its General Subscriber Services Tariff which proposed grandfathering its Information Delivery Service (976 Service). On July 13, 1992, Winn Communications, Inc. ("Winn Communications") filed its objection to the proposed tariff revision requesting that the proposed tariff revision be suspended for five months until Winn Communications could fully analyze the impact of the revision on its business. The proposed tariff was suspended by Commission Order until December 12, 1992 and Winn Communications was granted full intervention rights in this proceeding. On September 10, 1992, the Commission ordered Winn Communications to file information regarding the information services it receives and the reasons why it would be adversely affected by the tariff revision. SCB was required to respond to or satisfy Winn Communications' complaint no later than October 9, 1992.

On September 25, 1992, Winn Communications responded to the

Commission's Order indicating that it has provided information services to Kentucky consumers since April 6, 1988 pursuant to SCB's Information Delivery Service tariff and has invested in excess of \$30,000 in installation charges, advertising, and equipment to provide these services. Winn Communications states that the proposed tariff revision would prohibit it from responding to the demand for information services if additional telephone numbers or trunks are needed. Winn Communications requests an exemption from SCB's tariff filing or that SCB's proposed tariff modification be denied.

On October 9, 1992, SCB responded that it does not object to Winn Communications' request for exemption from this tariff filing or to exempting other customers who make appropriate requests.

The Commission, having reviewed the responses filed by Winn Communications and SCB, HEREBY ORDERS that:

1. Winn Communications' request for exemption from SCB's proposed tariff revision is granted.
2. SCB shall notify other customers affected by this tariff revision that they may request exemption.
3. SCB's revision of Section A 113 of its General Subscriber Services Tariff grandfathering the provision of Information Delivery Service (976 Service), subject to the exemptions discussed in ordering paragraphs 1 and 2, is granted.
4. Within 30 days from the date of this Order, SCB shall make a revised tariff filing consistent with this decision.

Done at Frankfort, Kentucky, this 10th day of December, 1992.
