O R D E R

The Commission initiated this show cause proceeding against Price Estates as a result of Staff's Utility Inspection Report of August 6, 1990, which reported multiple instances of plant maintenance and operation which were not in conformity with accepted good engineering practice.

On March 15, 1993, the Commission approved a transfer of ownership of the plant from Price Estates to Appalachian Waste Control, Inc.<sup>1</sup>

Whereas Price Estates no longer owns or operates said plant,  
IT IS THEREFORE ORDERED that this case be dismissed.
