807 KAR 5:001, SECTION 10)

O R D E R

By motion filed August 10, 1993, Beaver-Elkhorn Water District ("Beaver-Elkhorn") requested that the Commission grant it an extension of time until October 8, 1993 to provide engineering plans, specifications, plats, and reports for the construction proposed in this case. Beaver-Elkhorn requests the extension because Division of Water approval has not been given. After consideration of the request, and being otherwise sufficiently advised, the Commission finds that the motion should be denied. The plans and specifications are available and can be reviewed by the Commission while awaiting Division of Water approval. Beaver-Elkhorn should therefore file a duplicate copy of the existing plans and specifications which have been filed with the Division of Water to facilitate immediate Commission review. When the Division of Water notifies Beaver-Elkhorn that the proposed project design

has been accepted or rejected, Beaver-Elkhorn should immediately transmit a copy of the notice to the Commission.

IT IS THEREFORE ORDERED that:

1. The motion for extension of time be and it hereby is denied.

2. Beaver-Elkhorn shall file on or before August 20, 1993 duplicates of the plans and specifications filed with the Division of Water.

3. Beaver-Elkhorn shall immediately file with the Commission a copy of the notification from the Division of Water that the proposed project design was accepted or rejected.

Done at Frankfort, Kentucky, this 12th day of August, 1993.

PUBLIC SERVICE COMMISSION

For the Commission

ATTEST:

Executive Director
