AMOUNT)	

O R D E R

On August 2, 1993, Bellsouth Telecommunications, Inc., d/b/a South Central Bell Telephone Company ("SCB"), filed proposed revisions to its intrastate access tariff to mirror present interstate rates, eliminate the transitional rates for terminating access as required by the October 5, 1992 Order in Administrative Case No. 336¹ and offset the decrease by an increase in Non-Traffic Sensitive Requirement.

This tariff has been suspended for Commission review. AT&T Communications of the South Central States, Inc. ("AT&T") and the Attorney General have intervened. However, on October 7, 1993, SCB moved to withdraw this tariff proposal.

SCB filed revisions to the intrastate access tariff to comply with the requirements of Administrative Case 336.

The Commission, having reviewed SCB's motion to withdraw its tariff proposal and having been otherwise sufficiently advised,

¹ Administrative Case No. 336, An Investigation into the Elimination of Switched Access Services Discounts and Adoption of Time-of-Day Switched Access Rates.

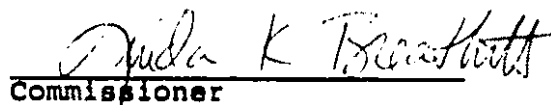

HEREBY ORDERS that the motion be granted without prejudice to SCB
filing a similar tariff proposal in the future.

Done at Frankfort, Kentucky, this 18th day of October, 1993.
