In the Matter of:

AND SEWER DISTRICT FOR APPROVAL OF A)	
DEFEASEMENT OF BONDS; ISSUANCE OF)	CASE NO. 93-326
BONDS; AND CONSTRUCTION OF WATER)	
FACILITIES)	

O R D E R

On September 14, 1993, Boone County Water and Sewer District ("Boone County") filed an application with the Commission requesting a Certificate of Public Convenience and Necessity to construct water facilities, approval for a defeasement of bonds, and approval for the issuance of bonds. On October 5, 1993, the Commission issued an Order requesting Boone County to file additional information. Although Boone County responded to that request, it failed to provide all the requested information. By letter dated November 2, 1993, Commission Staff requested the remaining information be filed no later than November 15, 1993.

KRS 278.300(2) requires applications for authority to issue or assume securities or evidence of indebtedness to be ruled on within 60 days unless it is necessary for good cause to continue the application. A review of the requested information is necessary for the Commission to make its final ruling on Boone County's financing application. Therefore, the Commission finds that good cause exists to continue the financing application beyond the 60-day period specified in KRS 278.300(2).

Upon consideration of the evidence of record and being otherwise sufficiently advised, the Commission HEREBY ORDERS that the portion of Boone County's application for authorization to incur additional indebtedness is hereby continued beyond the 60-day period specified in KRS 278.300(2).

Done at Frankfort, Kentucky, this 15th day of November, 1993.
