On August 30, 1993, Executone Information Systems, Inc. ("Executone") filed its application with the Commission seeking a Certificate of Public Convenience and Necessity to provide intrastate, long-distance telecommunications services as a reseller within the Commonwealth of Kentucky.

Executone is a Virginia corporation proposing to resell the services of carriers currently certified within the Commonwealth of Kentucky in accordance with the terms and conditions set forth in its tariff. Executone does not seek authority to provide operator-assisted telecommunications services.

Executone employs no transmission or reception telecommunications equipment or facilities in the performance of its services, and all facilities, equipment, and networking will be provided by the underlying carrier. Executone will not construct any new facilities in the Commonwealth of Kentucky.

In Executone's December 15, 1993 response to the Commissions October 21, 1993 Order, it informed the Commission that money had been collected for non-certified service. This violation was

resolved in Case No. 94-057¹ by Commission Order dated March 29, 1994.

The information provided by Executone demonstrates its financial, managerial, and technical capability to provide intrastate, long-distance telecommunications service. The proposed rates as filed August 30, 1993 and revised December 15, 1993 should be approved as the fair, just, and reasonable rates to be charged.

The Commission, having considered the application, the information provided by Executone, and being otherwise sufficiently advised, HEREBY ORDERS that:

1. Executone be and it hereby is granted authority to provide intrastate, long-distance telecommunications services within the Commonwealth of Kentucky on and after the date of this Order.

2. Executone shall comply with the provisions of the Order in Administrative Case No. 323.²

3. Executone's authority to provide service in this Commonwealth is strictly limited to those services described in this Order and Executone's application.

4. The rates and charges proposed by Executone are hereby approved as filed on August 30, 1993 and revised on December 15, 1993.

¹ Case No. 94-057, Executone Information Systems, Inc. - Alleged Violation of KRS 278.020 and KRS 278.160.

² Administrative Case No. 323, An Inquiry Into IntraLATA Toll Competition, An Appropriate Compensation Scheme for Completion of IntraLATA Calls by Interexchange Carriers, and WATS Jurisdictionality, Phase I, Order dated May 6, 1991.

5. Within 30 days from the date of this Order, Executone shall file its revised tariff sheets in accordance with 807 KAR 5:011, and the restrictions and conditions of service contained herein as proposed in filings made August 30, 1993 and December 15, 1993.
