

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF BULLOCK PEN WATER )  
DISTRICT TO INCREASE AND ESTABLISH ) CASE NO. 94-144  
CERTAIN NON-RECURRING CHARGES )

O R D E R

IT IS ORDERED that Bullock Pen Water District ("Bullock Pen") shall file the original and four copies of the following information with the Commission with a copy to all parties of record within 14 days of the date of this Order. Bullock Pen shall furnish with each response the name of the witness who will be available to respond to questions concerning each item of information requested should a public hearing be scheduled.

1. The tariff application filed by Bullock Pen on March 9, 1994 indicated that it was requesting a change of connection fees for 5/8 x 3/4 inch and 1 inch connections. Provide cost justification for the 1 inch meter connection fee.

2. In its application filed on April 11, 1994, Bullock Pen included cost justification for a 5/8 x 3/4 inch, developer-installed meter fee of \$112. In its letter dated April 3, 1994, Bullock Pen provided cost justification for a 5/8 x 3/4 inch, developer-installed meter fee of \$200. Explain the reason for these differing cost justifications.

3. Provide cost justification for the proposed \$275 refund amount.

4. Bullock Pen's proposed tariff states, ". . . the District shall, upon receipt of the \$475.00 connection fee as provided for in this Tariff, pay to the mobile home park developer/owner the sum of \$275." Explain why Bullock Pen chose this method rather than having the developer pay the difference of the two fees.

5. Explain whether the installation of water lines by the developer or owner is required or optional.

Done at Frankfort, Kentucky, this 25th day of May, 1994.
