To Whom it May Concern,

In the matter of letter recieved on Friday, May 6, 1994, dated May 4, 1994. Copy enclosed. I wish to intervene for these reasons. I and my family had plans of constructing a family home on the adjacent property belonging to myself and two brothers. I have concerns about the unlikelyhood of said tower falling on our property and concerns of possible microwave health issues for I have small children.

I have contacted United States Cellular about my concerns and was not given enough information or facts to eliminate my concerns and worries. Maybe you can give me this information or tell me where I can get it. I hope that my worries can be put to rest before construction of this tower is started.

As you may notice in the letter copy, the letter was addressed to Dickie Shreve. Which with Bennie Shreve are co-owners of adjacent property to proposed tower. My brothers have ask me to look into this because of their concerns also.

Sincerely,

JAMES DAVID SHREVE SR.
