

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF RIDGEWOOD SUBDIVISION)  
SEWER PLANT FOR A RATE ADJUSTMENT ) CASE NO. 94-490

O R D E R

On December 2, 1994, Ridgewood Subdivision Sewer Plant ("Ridgewood") filed its application with the Kentucky Public Service Commission ("Commission") seeking approval to increase its annual operating revenues by 53 percent. The proposed rates would generate additional annual revenues of \$5,762.

On November 9, 1994, Commission Staff conducted a field review of Ridgewood's test-period financial records. Based upon this review, Commission Staff issued a report on February 7, 1995, recommending that Ridgewood be allowed to increase its annual operating revenues by the requested \$5,762.

By Order dated February 7, 1995, the Commission advised all parties that comments on the Staff Report or requests for a public hearing must be submitted no later than February 22, 1995, or this case would stand submitted to the Commission for decision. No comments or requests for a hearing or informal conference have been filed.

The Commission, after consideration of the evidence of record and being sufficiently advised, finds that:

1. The recommendations and findings contained in the Staff Report are supported by the evidence of record, are reasonable, and

are hereby adopted as the findings of the Commission in this proceeding and are incorporated by reference as if fully set out herein.

2. The rates in Appendix A, which is attached hereto and incorporated herein, are the fair, just, and reasonable rates for Ridgewood and will produce gross annual operating sewer revenues of \$16,562. These rates will allow Ridgewood sufficient revenues to meet its operating expenses.

IT IS THEREFORE ORDERED that:

1. The rates in Appendix A are approved for service rendered by Ridgewood on and after the date of this Order.

2. Within 30 days of the date of this Order, Ridgewood shall file with the Commission its revised tariff setting out the rates approved herein in conformance with 807 KAR 5:011.

Done at Frankfort, Kentucky, this 13th day of March, 1995.
