O R D E R

On December 15, 1994, Meade County Water District ("Meade Water") applied to the Commission for a Certificate of Public Convenience and Necessity, authorizing it to construct an extension of its waterworks distribution system and for approval of the proposed plan of financing of said project.

KRS 278.300(2) requires applications for authority to issue or assume securities or evidences of indebtedness to be ruled on within 60 days unless it is necessary for good cause to continue the application. Additional information is needed in the record of this case and it will be necessary to extend the time for ruling on the financing application beyond the 60-day limit in order to obtain and review the information. Therefore, the Commission finds that good cause exists to continue the financing application beyond the 60-day period specified in KRS 278.300(2).

IT IS THEREFORE ORDERED that Meade Water's application for authorization to incur additional indebtedness is continued beyond the 60-day period specified in KRS 278.300(2).

11th day of May, 1995.
