COMMONWEALTH OF KENTUCKY

BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF B.T.U. PIPELINE,

INC. FOR COMMISSION APPROVAL TO DEVIATE) CASE NO. 95-029
FROM 807 KAR 5:022, SECTION 2(4)(A)

ORDER

IT IS ORDERED that B.T.U. Pipeline, Inc. ("B.T.U.") shall file the original and 10 copies of the following information with the Commission with a copy to all parties of record no later than 20 days from the date of this Order. B.T.U. shall furnish with each response the name of the witness who will be available to respond to questions concerning each item of information requested should a public hearing be scheduled. Each copy of the data requested should be placed in a bound volume with each item tabbed. When a number of sheets is required for an item, each sheet should be appropriately labeled, for example, Item 1(a), Sheet 2 of 6.

- 1. B.T.U.'s application states that some of the pipeline is SDR No. 11. Provide the following information for any pipeline that is not designated as ASTM D2513.
- a. The total length of the subject pipeline and the length, location, and specifications of each portion.
 - b. The name of the manufacturer.
 - c. The maximum operating pressure of the pipeline.
 - d. The number of customers served by the pipeline.

e. A map with identified scale showing the location of the pipeline and the customers. Color code any pipeline which is not designated ASTM D2513.

f. The class location of the pipeline pursuant to 807 KAR 5:022, Section 1(3).

2. Provide the following information from the manufacturer(s) of each portion of the pipeline purchased from each supplier and indicate the location of the pipe on the map provided in 1(e).

a. The pipeline's material, specifications, diameter and minimum wall thickness.

b. The specification of the fittings connected to the pipeline.

c. Copies of Mill Inspections and copies of any certifications provided by the manufacturer.

d. Copies of records for burst pressure tests by the manufacturer on the portion of the pipeline which is not ASTM D2513.

e. Type of resin, density, and melt flow temperature.

Done at Frankfort, Kentucky, this 28th day of March, 1995.
