PUBLIC SERVICE COMMISSION

Chairman

Vice Chairman

Commissioner

ATTEST:

Executive Director

COMMONWEALTH KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

RECEIVED

FEB 8 7 1995

IN THE MATTER OF:
MARION COUNTY FISCAL COURT

PUBLIC
COMMISSION
COMPLAINANT

VS.

COMPLAINT

95-078

GTE CORPORATION and
SOUTH CENTRAL BELL TELEPHONE COMPANY

DEFENDANTS

The Complaint of the Marion County Fiscal Court respectfully shows as follows:

(a) That the full name and address of the Complainant is the Marion County Fiscal Court, 120 West Main Street, Lebanon, Kentucky 40033

(b) That the names and addresses of the Defendants is GTE Corporation, P. O. Box 13606 Research Triangle Park, North Carolina 27709 and South Central Bell Telephone Company, P. O. Box 32410, Louisville, Kentucky 40232

(c) That all of Marion County, Kentucky is provided telephone service by GTE Corporation except for approximately two-hundred households located in the northwest portion of the County which are served by South Central Bell Telephone Company. Although located in the same county, a telephone call from the approximately two-hundred households serviced by South Central Bell Telephone Company to any other location in Marion County, Kentucky is a long distance call. However these approximately two-hundred households may call most locations in Nelson County, Kentucky as local calls.

(d) All Marion County except for the approximately two-hundred households serviced by South Central Bell Telephone Company have available "911" services which are routed through the Lebanon City Police Department for dispatch of emergency services. However, the

approximately two-hundred households in Northwest Marion County do not have this service available even through Nelson County.

Recently the Marion County Fiscal Court inquired of GTE Corporation as to the possibility of routing calls from the approximately two hundred households in Northwest Marion County to the Lebanon City Police Department so that those households can have "911" emergency services available to them. It is estimated that providing "911" emergency services to these approximately two-hundred households would generate fewer than ten calls per month.

After much negotiation, the Complainant has been advised that in order to provided "911" services to these approximately two-hundred households in Marion County, Kentucky, GTE Corporation will charge a non-recurring fee of \$385.76 and a monthly recurring charge of \$535.02. Additionally, South Central Bell will charge a non-recurring fee of \$921.00 and a monthly recurring charge of \$487.00. These charges make it economically unfeasible for the Complainant and approximately two-hundred households in Northwest Marion County to obtain "911" emergency services. It also seems that, given the limited utilization of the "911" emergency service by these approximately two-hundred households, the recurring charges are excessive. Without a waiver of these charges or a disallowance of the charges, these approximately two-hundred households will not be able to obtain "911" emergency services. Furthermore, the failure of South Central Bell Telephone Company to provide "911" emergency dispatching for these approximately two-hundred households while providing the same service to its other customers is a violation of the Defendant's obligation to provide adequate service to its customers.

WHEREFORE, the Complainant asks that the monthly recurring charges be reduced or

waived or that they be declared to be excessive and invalid and that South Central Bell Telephone Company and GTE Corporation be directed to provide "911" emergency dispatching services to the approximately two-hundred households in northwest Marion County no additional cost or a reasonable cost determined in proportion to the expected utilization of such service by its costumers.

Dated at Lebanon, Marion County, Kentucky, this 24 day of February, 1995.

STATE OF KENTUCKY

COUNTY OF MARION
