

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF KENTUCKY RSA #9-10, INC. FOR)	
A CERTIFICATE OF PUBLIC CONVENIENCE AND)	
NECESSITY TO CONSTRUCT A CELL SITE NORTHEAST)	CASE NO.
OF THE INTERSECTION OF KENTUCKY HIGHWAY 7 AND)	95-263
KENTUCKY HIGHWAY 32, EAST OF SANDY HOOK IN)	
ELLIOTT COUNTY, KENTUCKY)	

O R D E R

On July 18, 1995, Kentucky RSA #9-10, Inc. filed an application seeking a Certificate of Public Convenience and Necessity to build and operate a cellular radio telecommunications system for Rural Service Area No. 9 ("RSA No. 9"). RSA No. 9 includes Elliott, Floyd, Johnson, Lawrence, Magoffin, Martin, Morgan, and Pike counties. Kentucky RSA #9-10, Inc. has requested authorization to construct a cell site in Elliott County. Kentucky RSA #9-10, Inc. was previously granted authority to operate a cellular radio telecommunications system in RSA No. 9 in Case No. 94-385.¹

The proposed cell site consists of a 180-foot or less self-supporting antenna tower to be located near the intersection of

¹ Case No. 94-385, The Joint Application of Telephone and Data Systems, Inc., Kentucky RSA #9-10, Inc. and Alpha Cellular Telephone Company For Approval of the Acquisition by Telephone and Data Systems, Inc. of Those Assets of Alpha Cellular Telephone Company Constituting the Non-Wireline Cellular Operations in Kentucky Rural Service Areas 9 and 10, the Transfer of Such Assets to Kentucky RSA #9-10, Inc. and Establishment of Initial Tariffs Describing Conditions of Service.

Kentucky Highway 32 and Kentucky Highway 7, approximately three-tenths of a mile east of Sandy Hook, Elliott County, Kentucky ("the Sandy Hook cell site"). The coordinates for the Sandy Hook cell site are North Latitude 38° 05' 14.5" by West Longitude 83° 07' 14".

Kentucky RSA #9-10, Inc. has provided information regarding the structure of the tower, safety measures, and antenna design criteria for the Sandy Hook cell site. Based upon the application, the design of the tower and foundation appears to meet the criteria of the Building Officials and Code Administrators International, Inc. National Building Code with reference to earthquakes, winds, and tornadoes.

Pursuant to KRS 100.324(1), the Sandy Hook cell site's construction is exempt from local zoning ordinances; however, Kentucky RSA #9-10, Inc. notified the Elliott County Judge/Executive of the pending construction. Kentucky RSA #9-10, Inc. has filed applications with the Federal Aviation Administration ("FAA") and the Kentucky Airport Zoning Commission ("KAZC") seeking approval for the construction and operation of the Sandy Hook cell site. The FAA and KAZC notified Kentucky RSA #9-10, Inc. that approvals for this site were not necessary.

Kentucky RSA #9-10, Inc. has filed notices verifying that each person who owns property or who resides within 500 feet of the Sandy Hook cell site has been notified of the pending construction. The notice solicited any comments and informed the property owners or residents of their right to intervene. In addition, notice was

posted in a visible location on the proposed site for at least two weeks after Kentucky RSA #9-10, Inc.'s application was filed. On July 25, 1995, and August 2, 1995, the Commission received inquiries from the Grayson Rural Electric Cooperative Corporation ("GRECC") and Connie Ison, respectively. On July 28, 1995, and August 15, 1995, the Commission informed GRECC and Ms. Ison, respectively, of their right to intervene and ordered Kentucky RSA #9-10, Inc. to respond to their questions. To date, no intervention requests have been received.

Pursuant to KRS 278.280, the Commission is required to determine proper practices to be observed when it finds, upon complaint or on its own motion, that the facilities of any utility subject to its jurisdiction are unreasonable, unsafe, improper, or insufficient. To assist the Commission in its efforts to comply with this mandate, Kentucky RSA #9-10, Inc. should notify the Commission if it does not use this antenna tower to provide cellular radio telecommunications services in the manner set out in its application and this Order. Upon receipt of such notice, the Commission may, on its own motion, institute proceedings to consider the proper practices, including removal of the unused antenna tower, which should be observed by Kentucky RSA #9-10, Inc.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds that Kentucky RSA #9-10, Inc. should be granted a Certificate of Public Convenience and Necessity to construct and operate the Sandy Hook cell site in RSA No. 9 under its previously approved tariff.

IT IS THEREFORE ORDERED that:

1. Kentucky RSA #9-10, Inc. be and it hereby is granted a Certificate of Public Convenience and Necessity to construct and operate the Sandy Hook cell site.

2. Kentucky RSA #9-10, Inc. shall immediately notify the Commission in writing, if, after the antenna tower is built and utility service is commenced, the tower is not used for a period of 3 months in the manner authorized by this Order.

Done at Frankfort, Kentucky, this 21st day of September, 1995.
