O R D E R

On July 20, 1995, Airview Estates, Inc. ("Airview") filed its application for Commission approval of proposed sewer rates. Commission Staff, having performed a limited financial review of Airview's operations, has prepared the attached Staff Report containing Staff's findings and recommendations regarding the proposed rates. All parties should review the report carefully and provide any written comments or requests for a hearing or informal conference no later than 15 days from the date of this Order.

IT IS THEREFORE ORDERED that all parties shall have no more than 15 days from the date of this Order to provide written comments regarding the attached Staff Report or requests for a hearing or informal conference. If no request for a hearing or informal conference is received, this case will be submitted to the Commission for a decision.

Done at Frankfort, Kentucky, this 20th day of September, 1995.

STAFF REPORT
ON
AIRVIEW ESTATES, INC.
CASE NO. 95-273

On June 21, 1995 Airview Estates, Inc. ("Airview") submitted its application seeking to increase its rates pursuant to 807 KAR 5:076, the Alternative Rate Adjustment Procedure for Small Utilities ("ARF"). In order to evaluate the requested increase, the Commission Staff ("Staff") performed a limited financial review of Airview's test period operations, the calendar year ending December 31, 1994.

The scope of the review was limited to obtaining information as to whether the test-period operating revenues and expenses were representative of normal operations. Insignificant or immaterial discrepancies were not pursued and are not addressed herein.

Mark Frost of the Commission's Division of Financial Analysis performed the limited review on August 2 and 4, 1995. Mr. Frost is responsible for the preparation of this Staff Report except for the determination of Normalized Operating Revenue; Rate Design; and Attachments E and F, which were prepared by John Geoghegan of the Commission's Division of Rates and Research.

A comparison of Airview's actual and pro forma operations is shown in Attachment A. Based upon Staff's recommendations, Airview's operating statement would appear as set forth in Attachment B.

Airview requested additional revenues of \$5,559. Based on Staff's adjusted operations and the operating ratio normally

allowed by this Commission, Staff believes Airview could justify additional revenues of \$7,671, as shown in Attachment C. However, since Airview's proposed rates will produce a positive cash flow of \$7,377, as computed in Attachment D, Staff recommends that Airview's proposed rates be accepted.

If Airview wishes to amend its application to reflect rates that will generate the additional revenue of \$7,671, Staff recommends that such amendment be filed with any comments on the Staff Report. Should Airview amend its application, Staff recommends that Airview be required to notify its customers of the amended rate proposal.

The rates contained in Attachment E will achieve the requested revenue increase of \$5,559. Those contained in Attachment F will achieve a revenue increase of \$7,671.
