CONVENIENCE AND NECESSITY TO TRANSACT)	
THE BUSINESS OF A RESELLER OF)	CASE NO. 95-295
INTEREXCHANGE TELECOMMUNICATIONS)	
SERVICE WITHIN THE STATE OF KENTUCKY)	
AND FOR APPROVAL OF ITS INITIAL TARIFF)	

O R D E R

On July 6, 1995, TW Communications, Inc. ("TW Communications") filed an application with the Commission seeking a Certificate of Public Convenience and Necessity to resell intrastate interexchange long-distance telecommunications services within the Commonwealth of Kentucky.

TW Communications is a Nevada corporation with its principal offices in the state of California and it intends to resell tariffed services of facilities-based carriers certified by this Commission. TW Communications does not request authority to provide operator-assisted telecommunications services.

TW Communications does not own or operate, nor does it intend to construct, any telecommunications transmission facilities within the Commonwealth of Kentucky. All intrastate telecommunications transmission services will be provided by an underlying carrier certified by this Commission.

The application provided by TW Communications demonstrates its financial, managerial, and technical capability to provide utility

service. The Commission finds that TW Communications should be authorized to resell intrastate interexchange long-distance telecommunications services within the Commonwealth of Kentucky.

TW Communications filed its proposed tariff on July 6, 1995. The Commission finds that the rates proposed by TW Communications should be approved as the fair, just, and reasonable rates to be charged.

In Administrative Case No. 306¹ the Commission stated the importance of eliminating possible customer confusion arising from the name of the billing service, rather than the name of the provider of telecommunications services, appearing on the bill. Accordingly, TW Communications should ensure that its name appears prominently on all bills issued to customers for services rendered.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, HEREBY ORDERS that:

1. TW Communications be and it hereby is granted authority to resell intrastate interexchange long-distance telecommunications services within the Commonwealth of Kentucky on and after the date of this Order.

2. TW Communications shall ensure that its name appears prominently on all bills issued to customers for services rendered.

3. TW Communications' authority to provide service is strictly limited to those services described in this Order and TW Communications' application.

¹ Administrative Case No. 306, Detariffing Billing and Collection Services, Order Dated April 30, 1990.

4. IntraLATA services shall be provided in accordance with the restrictions and conditions of service contained in Administrative Case No. 323.²

5. The rates proposed by TW Communications on July 6, 1995 are hereby approved.

6. Within 30 days from the date of this Order, TW Communications shall file, pursuant to 807 KAR 5:011, its July 6, 1995 tariff sheets without modifications.

Done at Frankfort, Kentucky, this 16th day of August, 1995.
