O R D E R

On August 24, 1995, Overlook Communications International Corp. ("Overlook Communications") filed an application with the Commission seeking a Certificate of Public Convenience and Necessity to resell intrastate interexchange long-distance telecommunications services within the Commonwealth of Kentucky.

Overlook Communications is a North Carolina corporation with its principal offices in the state of Georgia and intends to resell tariffed services of facilities-based carriers certified by this Commission. Overlook Communications does not request authority to provide operator-assisted telecommunications services.

Overlook Communications does not own or operate, nor does it intend to construct, any telecommunications transmission facilities within the Commonwealth of Kentucky. All intrastate telecommunications transmission services will be provided by an underlying carrier certified by this Commission.

The application provided by Overlook Communications demonstrates its financial, managerial, and technical capability to provide utility service. The Commission finds that Overlook

Communications should be authorized to resell intrastate interexchange long-distance telecommunications services within the Commonwealth of Kentucky.

Overlook Communications filed its proposed tariff on August 24, 1995. The Commission further finds that the rates proposed by Overlook Communications should be approved as the fair, just, and reasonable rates to be charged.

In Administrative Case No. 306,¹ the Commission stated the importance of eliminating possible customer confusion arising from the name of the billing service, rather than the name of the provider of telecommunications services, appearing on the bill. Accordingly, Overlook Communications should ensure that its name appears prominently on all bills issued to customers for services rendered.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, HEREBY ORDERS that:

1. Overlook Communications be and it hereby is granted authority to resell intrastate interexchange long-distance telecommunications services within the Commonwealth of Kentucky on and after the date of this Order.

2. Overlook Communications shall ensure that its name appears prominently on all bills issued to customers for services rendered.

¹ Administrative Case No. 306, Detariffing Billing and Collection Services, Order Dated April 30, 1990.

3. Overlook Communications' authority to provide service is strictly limited to those services described in this Order and Overlook Communications' application.

4. IntraLATA services shall be provided in accordance with the restrictions and conditions of service contained in Administrative Case No. 323.²

5. The rates proposed by Overlook Communications on August 24, 1995 are hereby approved.

6. Within 30 days from the date of this Order, Overlook Communications shall file, pursuant to 807 KAR 5:011, its August 24, 1995 tariff sheets without modifications.

Done at Frankfort, Kentucky, this 4th day of October, 1995.
