

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

SEPARATION OF COSTS OF REGULATED)
TELEPHONE SERVICE FROM COSTS) ADMINISTRATIVE
OF NONREGULATED ACTIVITIES) CASE NO. 321

O R D E R

On March 26, 1990, the Commission required BellSouth Telecommunications, Inc. d/b/a South Central Bell Telephone Company ("BellSouth"), Cincinnati Bell Telephone Company ("CBT"), GTE South Incorporated ("GTE") and AT&T Communications of the South Central States ("AT&T") to provide the Commission with copies of filings made with the Federal Communications Commission ("FCC") of cost allocation manual ("CAM") revisions or modifications, FCC orders, comments or responses pertaining to CAM revisions or modifications and the most recent CAM attestation audits. Although not subject to FCC filing requirements, ALLTEL Kentucky, Inc. ("ALLTEL"), Contel of Kentucky, Inc., ("Contel") and Telephone and Data Systems ("TDS") were ordered to file their revised CAMs or changes or modifications as they became available.

On November 10, 1995, BellSouth submitted a letter which, in part, requested that it be relieved of the filing requirements established in this case. After reviewing the Orders in this case, we have determined that these filings are no longer required.

By granting this relief the Commission does not relinquish its oversight of the separation of regulated and nonregulated costs,

and directs all of the above-mentioned utilities to maintain a current, updated copy of their CAM for use by the Commission upon request.

The Commission being otherwise sufficiently advised, IT IS ORDERED that relief of the filing requirements of the CAM and related materials is granted to BellSouth, GTE, CBT, ALLTEL, TDS and AT&T.

Done at Frankfort, Kentucky, this 5th day of January, 1996.
