O R D E R

On May 6, 1996, Kentucky Power Company d/b/a American Electric Power Company ("AEP") requested that the Commission amend paragraph five of its Order dated December 4, 1995, so as to permit AEP to file its initial six month progress report on August 15, 1996, and every six months thereafter. The Commission had originally ordered AEP to file its initial report on May 31, 1996.

The Commission finds that AEP's request is reasonable and should be approved.

IT IS THEREFORE ORDERED that AEP shall file, on August 15, 1996 and every six months thereafter, a report which describes the operation and progress of the Demand-Side Management ("DSM") plan and includes any studies, analyses, or reports prepared by any Collaborative member or consultant on any aspect of the DSM plan, including but not limited to reviews of the engineering estimates of DSM program load impacts used in program design and initial net lost revenue and incentive calculations.

Done at Frankfort, Kentucky, this 22nd day of May, 1996.
