Frankfort, Ky.

Dear Sir:

In Re - Case No. 96-104

We are very much opposed to the installation of a cellular tower and equipment shelter proposed for 106 N. Madison Ave. in Middletown.

We already have one of these monsters in our city which we did not want and now more to come! Will it never end! We love our community and want to preserve it as much as possible.

This may be a convenience for some people, but its certainly not a necessity of life! Already we learn that many car accidents are caused by the distraction of people using car phones and trying to drive.

When the economy changes and business decreases the use of cellular phones, who is going to dismantle these monster towers?

Thank you for your consideration.

Yours truly,
Lelian M. Stirn &
Burl V. Stirn
