Re: Case No. 96-152

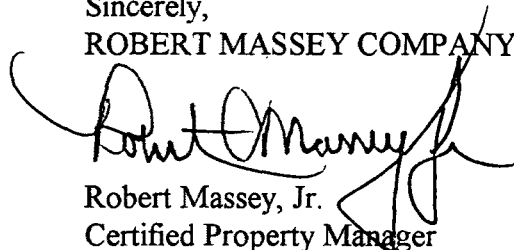

Gentlemen (Ladies):

I am in receipt of a facsimile copy of a public notice dated April 16, 1996, from the office of McNamara & Jones, Attorneys-at-Law concerning the proposed construction of a cellular telephone tower at 3232 Bardstown Road, (see above captioned case number). The notice was sent to us late last week from National City Bank's Trust Department due to our managing an apartment building for them that is located near the proposed site. However, after reviewing the unclear map of the site, we may have additional concerns due to its apparent close proximity to another apartment building which we manage and my father owns at 2161 Goldsmith Lane, The Capri Arms Apartments.

We did not receive adequate notice to evaluate its exact proposed location and/or impact on the value of either property. In order for us to determine whether or not we are opposed to this proposal, additional information is needed. Mr. McNamara has instructed me to contact Mr. Ray Medley or Larry Hester at Bell South. As of this writing I have left messages for each of them to call me.

Since we were not given proper or adequate notice, please allow us additional time to analyze any possible effects on the two properties which are located near the proposed tower. Your cooperation in this matter will be appreciated.

Sincerely,  
ROBERT MASSEY COMPANY
