In the Matter of:

APPLICATION OF KENTUCKY CGSA, INC. FOR )  
ISSUANCE OF A CERTIFICATE OF PUBLIC )  
CONVENIENCE AND NECESSITY TO CONSTRUCT )  
AN ADDITIONAL CELL SITE IN LOUISVILLE, )  
KENTUCKY FOR THE PROVISION OF DOMESTIC ) CASE NO. 96-152  
PUBLIC CELLULAR RADIO )  
TELECOMMUNICATIONS SERVICE TO THE )  
PUBLIC IN JEFFERSON COUNTY, KENTUCKY AND )  
THE LOUISVILLE MSA )

O R D E R

On April 17, 1996, Kentucky CGSA, Inc. d/b/a BellSouth Mobility, Inc. ("Kentucky CGSA") filed an application seeking a Certificate of Public Convenience and Necessity to construct and operate a cellular radio telecommunications antenna tower in the Louisville Metropolitan Statistical Area ("the Louisville MSA"). The proposed cell site consists of a monopole antenna tower not to exceed 150 feet in height, with attached antennas, to be located at 3232 Bardstown Road, Louisville, Jefferson County, Kentucky. The coordinates for the proposed cell site are North Latitude 38° 12' 31.28" by West Longitude 85° 40' 13.44".

Kentucky CGSA has provided information regarding the structure of the tower, safety measures, and antenna design criteria for the proposed cell site. Based upon the application, the design of the tower and foundation conforms to applicable nationally

recognized building standards, and the plans have been certified by a Registered Professional Engineer.

Pursuant to KRS 100.324(1), the proposed cell site's construction is exempt from local zoning ordinances. However, Kentucky CGSA has notified the Louisville and Jefferson County Planning Commission of the proposed construction. Kentucky CGSA has filed applications with the Federal Aviation Administration ("FAA") and the Kentucky Airport Zoning Commission ("KAZC") seeking approval for the construction and operation of the proposed cell site. The FAA application has been approved and the KAZC decision is pending.

Kentucky CGSA has filed notices verifying that each person who owns property or resides within 500 feet of the proposed cell site has been notified of the pending construction. The notice solicited any comments and informed the property owners and residents of their right to intervene. In addition, Kentucky CGSA has posted notice of the proposed construction in a visible location for at least two weeks after filing its application. The Commission received one letter commenting on the proposed construction. As ordered, Kentucky CGSA responded to the individual's concerns and under separate letter the Commission notified the individual of his right to intervene if Kentucky CGSA's response did not satisfy his concerns. To date, no further comments have been filed with the Commission.

Pursuant to KRS 278.280, the Commission is required to determine proper practices to be observed when it finds, upon complaint or on its own motion, that the facilities of any utility subject to its jurisdiction are unreasonable, unsafe, improper, or insufficient. To assist the Commission in its efforts to comply with this mandate, Kentucky CGSA should

notify the Commission if it does not use this antenna tower to provide cellular radio telecommunications services in the manner set out in its application and this Order. Upon receipt of such notice, the Commission may, on its own motion, institute proceedings to consider the proper practices, including removal of the unused antenna tower, which should be observed by Kentucky CGSA.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds that Kentucky CGSA should be granted a Certificate of Public Convenience and Necessity to construct and operate the proposed cell site in the Louisville MSA under its currently approved tariff.

IT IS THEREFORE ORDERED that:

1. Kentucky CGSA is granted a Certificate of Public Convenience and Necessity to construct and operate a monopole antenna tower not to exceed 150 feet in height, with attached antennas, to be located at 3232 Bardstown Road, Louisville, Jefferson County, Kentucky. The coordinates for the proposed cell site are North Latitude 38° 12' 31.28" by West Longitude 85° 40' 13.44".
2. Kentucky CGSA shall file a copy of the final decision regarding its pending KAZC application for the proposed construction within 10 days of receiving the decision.
3. Kentucky CGSA shall immediately notify the Commission in writing, if, after the antenna tower is built and utility service is commenced, the tower is not used for a period of 3 months in the manner authorized by this Order.

Done at Frankfort, Kentucky, this 9th day of July, 1996.
