

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

PROPOSED ADJUSTMENT OF THE WHOLESALE)
WATER SERVICE RATES OF THE CITY OF) CASE NO. 96-219
WILLIAMSTOWN, KENTUCKY)
)

O R D E R

On April 4, 1996, the City of Williamstown, Kentucky ("Williamstown") submitted proposed revisions to its existing rates for wholesale water service to public utilities. These rates were to become effective on and after November 1, 1996 and November 1, 1997. On May 9, 1996, Bullock Pen Water District ("Bullock Pen") requested, by letter, that the Commission conduct a hearing relative to the appropriateness of the rate increases intended to be imposed by Williamstown upon Bullock Pen. This letter was treated as a motion to intervene, and Bullock Pen was granted full intervention by Order of the Commission on May 31, 1996. In the same Order, the Commission, finding that further proceedings were necessary to determine the reasonableness of the proposed rate revisions, suspended those rates for five months and directed Williamstown to submit the information required by 807 KAR 5:001, Section 10, within 30 days.

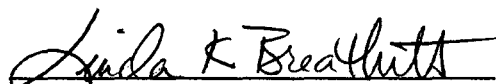

When this information was not received by the Commission within the specified period, the Commission issued an Order on July 26, 1996, which gave Williamstown an additional 30 days to submit the information required by 807 KAR 5:001, Section 10. If the information was not received by that date, the case was to be dismissed without

prejudice. To date this information has not been received by the Commission. Without this information the Commission cannot proceed with this case.

IT IS THEREFORE ORDERED that this case is dismissed without prejudice.

Done at Frankfort, Kentucky, this 12th day of September, 1996.
