RE: Case No. 96-370

Dear Sir/Madam:

Recently I received correspondence from an attorney representing GTE Mobilenet (copy enclosed).

As a resident of Crescent Park who lives within 500' of the proposed monopole, I would like additional information regarding this case. Some of my concerns are as follows:

1. Why is GTE Mobilenet required to notify us of their intention to construct this structure?
2. Are there potential health hazards involved or emitted from this structure?
3. Will this structure hinder or enhance telecommunications in our immediate area?
4. Will this structure be considered an "eyesore" in our community?
5. Will this structure block our view in any way?
6. Will this structure emit bothersome noises?

Any information you can provide would be greatly appreciated.

Thank you.

Sincerely,

Mrs. Hazel Litzler
