Re: Case No. 96-076

We are writing in regards to the possible erection of a 125' mobile net tower behind the property adjacent to ours in Ft. Thomas, Kentucky. First of all we need to let you know how much we are opposed to this possible project. We did not respond to an August 8 letter due to a death in the family whereas this letter was overlooked. We were made aware just yesterday how close this monstrosity could be to our residential neighborhood, and we are very angry.

Please do not allow this to happen! This is a residential neighborhood with many children. We have poured so much money into our homes just on the slope of these old Ft. Thomas houses. Please do not destroy what we have done and become our property in this way. We really feel that if the occupants of Good Shepherds could have realized what was to be created, they never would have agreed to a lease. They don't even want children sledding on their hill in the winter let alone allow such an eyesore to be built in their backyard.

Would those of you making these decisions allow this to happen in your backyard? We don't think so!!!

Sincerely,

Joan and Gary Merrifield

Re: Case No. 96-376

Dear Mr. Mills,

We are writing in regards to the plans by GTE Mobilnet Inc. to erect a 125' monopole with attached antennas and an equipment cabinet directly behind the property line of 914 Highland Ave., Ft. Thomas, KY. We are extremely disgusted by this proposal!!!

We wrote a letter dated October 12 to your office which stated our position on this matter. We live at 918 Highland Avenue, and we feel this tower would significantly devalue our property. We also feel there may be health risks involved in living close to such a tower.

Please do not allow this to happen to our neighborhood! Think of what you would do if they wanted to erect this in your backyard.

We, along with several neighbors in Ft. Thomas, are requesting intervention in this matter.

Sincerely,

Joan Merrifield

Dear Neighbors on Highland Ave.,

We have been made aware of plans by GTE Mobilnet Inc. to erect a 125' monopole with attached antennas and an equipment cabinet directly behind the property line of 914 Highland Ave. Needless to say, we are extremely disgusted!!

A representative from the city of Ft. Thomas will be attending an informal hearing on the matter tomorrow in Frankfort. The city is also against the erection of such a monstrosity.

Please help us fight the destruction of our neighborhood by writing to:

Re: Case No. 96-376

Dear Mr. [Name],

We are writing in reference to the
proposal submitted to erect a 125'
tower with attached antennae and
equipment cabinet at 930 Highland
Ave., Rome, NY. We are very
much opposed to the plan.

We are requesting intervention in
this matter. Not only is the idea of
a tower being an eyesore,
we are concerned about the health
of the people who live in the area. We have
heard that there are no health
studies conducted, but this is new
technology and there is no
guarantee that it is safe. There's
a lot of health danger. There are
a lot of health concerns
to the proposed tower.

We have an existing cellular one
tower in the proximity. Why can't
these companies work together on

of the existing tower. I realize that
we are competitors, but for the
sake of our neighborhood and
children, please help us. Fort Thomas
is known as the City of Beautiful
Homes and we'd like to remain a part
of that.

Sincerely,

Jim & Joe Weyer
