I received a statement from them in the amount of 945<sup>00</sup>~~00~~ for a

line charge. I talked with them and was told I had developed the land and

could not get water if I did not pay the line charge. I told them I was not

a developer, I sold a FARM and retained a tract for my use, but to no avail.

They still have my money for the meter, but I DO NOT have any water.

Wherefore, complainant asks that North Shelby Water Co. install my

water meter A.S.A.P. because I am NOT A DEVELOPER, I sold a farm and retained  
relief desired.)

the residual tract for my personal use. Time is of the essence because I

will be out of state from mid November till spring and need water installed

before I leave. Thank you for your attention on this issue.
