RE: Case No. 97-038

Dear Mr. Mills:

An operating McDonald's restaurant is located within the 500-foot radius of the proposed monopole tower referenced by this case number. We are concerned that this tower may affect our restaurant's high-rise sign visibility along I-75.

Please provide us information, elevations, and drawings that will help to determine more precisely the impact this pole may have on our high-rise sign. Please forward this information to:

McDonald's Corporation

Thank you for your cooperation and attention to this matter.

Sincerely,

Re: Autobath Site No. 02-133-01
Case No. 97-038

Gentlemen:

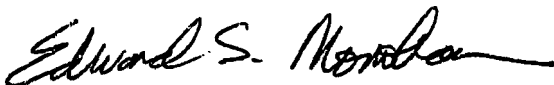

This office represents Monohan Development Company, a landowner within 500 feet of the proposed AT&T Wireless PCS Tower.

Our only concern with the location of this tower is that, based on the engineering drawing sent to us, the location may obstruct the view of the current sign which advertises the Knights Inn Motel.

Please consider this as our request to intervene in this matter.

If you have questions, please let me know.

Very truly yours,

Edward S. Monohan
