O R D E R

On February 24, 1997, CRG International, Inc. d/b/a Network One ("Network One") submitted an application to the Commission seeking a Certificate of Public Convenience and Necessity to provide intrastate telecommunications services within the Commonwealth of Kentucky. Subsequent to resolving certain deficiencies, Network One's application was filed on July 17, 1997. Network One is a Georgia corporation with its principal office in the state of Georgia.

Network One seeks authority to provide local exchange services throughout Kentucky. Network One plans to offer the proposed services by utilizing the facilities of other existing telecommunications providers pursuant to negotiated or tariffed arrangements. Network One does not propose to construct any facilities within Kentucky.

On March 17, 1997, Network One submitted its proposed tariff. The Commission finds that the proposed tariff should be approved.

On July 17, 1997, Network One filed a draft of its interconnection agreement with BellSouth Telecommunications, Inc. Pursuant to Section 253 of the Telecommunications

Act of 1996, the interconnection agreements between Network One and incumbent local exchange carriers must be submitted to and approved by the Commission before Network One may provide local exchange service.

Network One has demonstrated its financial, managerial, and technical capability to provide utility service. The Commission finds that Network One should be authorized to provide intrastate telecommunications services within the Commonwealth of Kentucky, as described in this Order and Network One's application, upon approval of its tariff and interconnection agreements.

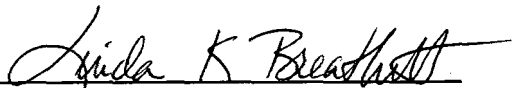

The Commission, having considered the evidence of record and being otherwise sufficiently advised, HEREBY ORDERS that:

1. Network One is granted authority to provide intrastate telecommunications services within the Commonwealth of Kentucky upon approval of its tariff and interconnection agreements.

2. Within 30 days from the date of this Order, Network One shall file its proposed tariff pursuant to 807 KAR 5:011 without modifications.
