ADDITIONAL CELL SITE IN) CASE NO. 96-001
LEXINGTON, KENTUCKY FOR THE)
PROVISION OF DOMESTIC PUBLIC)
CELLULAR RADIO TELECOMMUNI-)
CATIONS SERVICE TO THE PUBLIC)
IN THE LEXINGTON MSA)

O R D E R

On January 2, 1996, Lexington MSA Limited Partnership¹ applied for a Certificate of Public Convenience and Necessity to construct and operate an additional cell site to serve the customers of its cellular radio telecommunications system in the Lexington, Kentucky Metropolitan Statistical Area. Due to the opposition of this proposed site, the applicants sought an alternative location. An alternative site was located at 333 Waller Avenue, Lexington, Kentucky and on May 22, 1997 Kentucky CGSA, Inc. applied for a Certificate of Public Convenience and Necessity to construct and operate an additional cell site on this alternative site to serve the customers of its cellular radio telecommunications system in the Lexington, Kentucky Metropolitan Statistical Area.

¹ Lexington MSA Limited Partnership was dissolved on December 31, 1996, pursuant to an Order entered by the Public Service Commission in Case No. 96-574 granting Lexington MSA Limited Partnership approval to transfer all utility operations of Lexington MSA Limited Partnership to Kentucky CGSA, Inc.

The Public Service Commission having entered an Order granting approval of Kentucky CGSA, Inc.'s application for a cell site at this location on November 26, 1997, the Application of Lexington MSA Limited Partnership for a Certificate of Public Convenience and Necessity should be dismissed as moot.

IT IS THEREFORE ORDERED that the Application for Certificate of Public Convenience and Necessity filed by Lexington MSA Limited Partnership on January 2, 1996, to construct and operate an additional cell site to serve the customers of its cellular radio telecommunications system in the Lexington, Kentucky Metropolitan Statistical Area is hereby dismissed.

Done at Frankfort, Kentucky, this 7th day of January, 1998.
