RE: Docket No. 97-491

Dear Sir or Madam:

Attached is a letter we received on the proposed tower.  
Please provide a better map so we can identify the  
location.

Also, please indicate what kind of structure that will be  
built (show pictures) and how it will be visibly protected  
from other higher users in the area (office/warehouse).

We recommend/would require that a pine tree (large trees)  
hedge be required around all exposed buildings and fence  
structures.

Please provide us the above information for our review.

Sincerely,

B&K GROUP, LTD.

Re: SprintCom, Inc. Application/Public Notice  
Certificate of Public Convenience and Necessity  
Docket No. 97-491

Dear Executive Director:

On behalf of Seasongood Development, Ltd., Co. ("Seasongood"), which is the adjacent property owner, I have two concerns. One involves the verification that the proposed telecommunications tower will not interfere with the existing PCS telecommunications antennae facilities located on the Seasongood site. The second involves the negotiation and agreement for access, if any, across the Seasongood site for the benefit of the SprintCom leasehold. Provided that these two concerns are resolved, I do not have any opposition to the construction of the Sprint telecommunications tower.

Sincerely,

Seasongood Development, Ltd., Co.
