At this time Mr. Fett told me he had never paid for a right of way in his life and wasn't about to start now. I then told him that if I had to pay a hookup charge and water bill every month I sure wasn't about to give him three to four thousand feet of my property.

When we went into Fleming County water Association office and paid our deposit, Mr. Fett was not in. About an hour after we returned home my wife received a call from Mr. Fett saying that since I would not "give" him a right of way, he would not hook us up.

Mr. Fett could run the line beside the state highway like he did everywhere else but this would cause him a lot of trouble due to the rocky terrain as well as far greater monetary cost.

This is a personal vendetta against me by Mr. Fett, I feel.
