COMMISSION

CASE NO: 98-097

I think the following reasons should be considered by the commission.

A. Mr. Foster Sanders et al, is the plaintiff in a law suit on this property line, and until the law suit is settled by the court the property line is unknown. Copy of suite is enclosed. Exhibit A.

B. If the line is as CROWN PLat indicates and you are constructing a 300 foot tower, if this tower were to fall toward the present property line ti would land on my property. Towers do fall. Enclosed are pictures of Louisville Gas and Electric power line that fell two years ago on my property. Had ther been a house on the property the tower would have cut it totally into. There were three towers that fell in a row. Exhibit B.

C. The general public has a fear of towers of any kind. That is the reason that I have to discount lots that are close to towers. Towers of any kind devaluate surrounding properties. Exhibit C.

Thank you for your consideration.

Raymond G. McGruder
